PURPOSES & ETHICS

LIONS INTERNATIONAL CLUBS PURPOSES

TO ORGANISE charter and supervise service clubs to be known as Lions clubs.

TO COORDINATE the activities and standardise the administration of Lions clubs.

TO CREATE and foster a spirit of understanding among the people of the world.

TO PROMOTE the principles of good government and good citizenship.

TO FUND and otherwise serve the civic, cultural, social and moral welfare of the community.

TO ASSIST financially, culturally, socially, and morally the disabled, disadvantaged and infirm of the community both directly and also indirectly.

TO UNITE the clubs in the bonds of friendship, good fellowship and mutual understanding.

TO PROVIDE a forum for the open discussion of all matters of public interest; provided, however, that partisan politics and sectarian religion shall not be debated by club members.

TO ENCOURAGE service-minded people to serve their community without personal financial reward, and to encourage efficiency and promote high ethical standards in commerce, industry, professions, public works and private endeavours.

LIONS CLUBS INTERNATIONAL CODE OF ETHICS

To show my faith in the worthiness of my vocation by industrious application to the end that I may merit a reputation for quality of service.

To seek success and to demand all fair remuneration or profit as my just due, but to accept no profit or success at the price of my own self-respect lost because of unfair advantage taken or because of questionable acts on my part.

To remember that in building up my business it is not necessary to tear down another's; to be loyal to my clients or customers and true to myself.

Whenever a doubt arises as to the right or ethics of my position or action towards others, to resolve such doubt against myself.

To hold friendship as an end and not a means. To hold that true friendship exists not on account of the service performed by one to another, but that true friendship demands nothing but accepts service in the spirit in which it is given.

Always to bear in mind my obligations as a citizen to my nation, my state, and my community, and to give them my unswerving loyalty in word, act, and deed. To give them freely of my time, labour and means.

To aid others by giving my sympathy to those in distress, my aid to the weak, and my substance to the needy.

To be careful with my criticism and liberal with my praise; to build up and not destroy.

THE MULTIPLE DISTRICT STRUCTURE

Multiple District 201 of Lions Clubs International is governed by the Multiple District Council, consisting of the Council Chairperson and the eighteen Governors of the Districts of the Multiple District. The Council is assisted by appointed officers and chairpersons of coordinating committees. Constitutionally, the officers of the Multiple District are the Council Chairperson, Executive Officer, National Treasurer and the Legal Officer.

There are six Coordinating Committees which are Administration, Membership, Leadership, Service, Youth and Community Projects and Fundraising & Partnerships. An Advisory Group comprising the Council Chairperson, Executive Officer, National Treasurer, Legal Officer, the five Coordinating Chairpersons of the Membership, Leadership, Service, Youth and Community Projects and Fundraising & Partnerships Committees and two Leo representatives review reports prior to the relevant Council Meeting to ensure that all information required for Council is available and in a form which will enable Council to make decisions and develop policy.

The following sections of the Directory list the contact details for members of Coordinating Committees and their Sub-Committees.

PRIVACY POLICY

THE POLICY

The material in this directory is governed by the Multiple District Privacy Policy that can be viewed at <https://lionsclubs.org.au/our-governance-structure/constitutional-policy-code-of-conduct-resources/>

The purpose of the Privacy Policy is to communicate to you how we manage, collect, deal with, protect and allow access to personal information in accordance with the Privacy Act 1988 (Cth) (the Privacy Act) and the Australian Privacy Principles (the APPs). We understand the importance placed on the privacy of your personal information. We will endeavour to make you aware of the contents of this Privacy Policy before or as soon as reasonably practicable after collecting any personal information about you.

If you cannot access the website, please contact Lions Australia as indicated below and we will arrange to provide you with a copy.

THE DIRECTORY

For the purposes referred to in the Privacy Policy, we may disclose your personal information to other parties including:

- members of the public requesting details to contact a local Lions Club (restricted to information published in the Multiple District 201 Directory)
- members of Lions Clubs and affiliated organisations in Australia and Papua New Guinea via distribution of the annual Multiple District 201 Directory.

This directory is provided to members of Lions Clubs International by the Lions National Office and may not be distributed in electronic or hardcopy form, outside of the organisation.

Please refer to the full Privacy Policy on our website for a full explanation.

If it sounds too good to be true, then it generally is....

An unexpected knock at the door...a phone call from "overseas"...an unusual email request. The traditional tools of trade for a con artist. Not anymore! Modern day scams have moved even further into the digital age.

Sadly, Lions Clubs in Australia, and internationally, have reported an increase in fraudulent activity aimed at duping unsuspecting members. They play on our generosity and respected brand name.

The legal team from Lions Clubs International have provided the following advice:

Be Aware of Suspicious E-Mail (SMS, Facebook, Messenger etc...)

Be aware of e-mail scams that fraudulently use the Lions name or Logo or other trusted and well-known names. The goal of these types of scams is to trick people into revealing personal and financial information about themselves, which can then be used to commit identity theft.

If you receive a suspicious e-mail, please follow these guidelines:

- Do not reply
- Do not open any attachments
- Do not click on any links in the email

Please delete the suspicious email and do not respond.
If you wish, you may report the email to local authorities in your jurisdiction for further investigation .

[HTTPS://WWW.STAYSMARTONLINE.GOV.AU/](https://www.staysmartonline.gov.au/)

Don't worry. If it is legitimate and/or important they will find a way to contact you. It is better to be safe than sorry.

JUNIOR PUBLIC SPEAKING COMPETITION

The Junior Public Speaking program allows the Students in the Years 3-6 the opportunity to gain confidence to speak to an audience other than their peers.
It encourages them to research a given topic and then compile a speech.
The program has helped young people with speech defects, high anxiety and even shyness and it also has helped in a bullying incident.
Students love it, parents love it, teachers love it and you will also love it.

So please give the young people in your communities the opportunity and encourage them to participate.
The Junior Public Speaking is a STEPPING STONE to our other Lions Youth programs, such as Youth of the Year and Leos, and your Club may hopefully gain new Members in the future.

OBJECT: To raise funds and collect fodder and other supplies for members of the farming and rural communities in times of fire, flood, drought or other necessitous circumstances.

Originally established as a Club Project in 2006/7 in response to bushfires and drought during what became known as the Millennium Drought, and made a District Project in 2009 at the time of the Black Saturday Fires, in more recent times the Lions Need for Feed project has come to the fore delivering over \$45 million worth of aid for the current drought and bushfire and flood relief across all Eastern States, including South Australia and Tasmania.

As a truly national project, we now aim to partner with Lions Clubs and Districts in all States in order to better meet the needs of all the communities we seek to serve. We welcome enquiries from interested Clubs, members and Districts.

OBJECTIVE: To provide toy boxes called "Joy Boxes" packed with toys, games, sports equipment, books, school stationery and art and crafts materials to children aged 4-17 years of age who are caring for a family member living with a disability or chronic illness.

These young carers often miss out on a normal childhood. In Australia, there are more than 235,000 young carers, with approximately 1 in 10 children taking on caring duties. These adult responsibilities can impact upon their social, emotional, and educational development, as well as their future financial security.

With 500 young carers across Australia supported by CaringKids in 2022, and thousands more young carers waiting to receive a Joy Box, Lions Clubs can support this project by making voluntary financial contributions to fill Joy Boxes, donating goods such as toys or stationery, or by establishing a Toy Workshop.

This initiative aims to not only provide tangible items to support young carers that help them to learn and grow, but also promotes community connection, service, and raises awareness about young carers who often feel overlooked.

ZERO WASTE WARRIOR PROJECT

Lead: Lion Mick Brice
lions@lionszerowastewarrior.au

Sponsor Club – Canberra City
www.lionszerowastewarrior.au

This project promotes the collection of household and office waste materials. Mainly small items that would normally fall out of the council waste sorting machinery and end up in landfill. Once collected by Lions and friends they are taken to the appropriate collection centres – batteries to ALDI, printer cartridges to Office Works, bottle tops to Lids4kids etc. The range of materials Lions collect will reflect what collection centres are available to them, including local Councils. No special trips to the collection centres - the Lion next going that way takes them.

QLD & NORTHERN NSW LIONS MEDICAL RESEARCH FOUNDATION (LMRF)

VISION: ‘RESEARCH IS TOMORROW’S HOPE’

MISSION STATEMENT: At LMRF we are committed to start-up funding for world-class medical research. Funding 55 early-career medical researchers since 1963. LMRF is committed to fostering the next generation of medical breakthroughs by providing essential funding. These bright minds are poised to make significant contributions to the advancement of healthcare but often they face formidable obstacles in securing the necessary resources to kickstart their projects. We also assist in funding secondary school students to pursue a career in Medical Science by funding remote students to travel to Brisbane to attend research immersion programs conducting live scientific experiments.

The entities named above are intended to be the successors to the Save Sight & Public Health Care FOUNDATIONS once the re-structure presently under way is completed, which is hoped to be during 2023.

OBJECTIVES

The two major objectives of the re-structure are;

1. To continue and expand the commitment of the FUND (formerly the Save Sight and Public Health Care Foundations) into supporting research into and promotion of vision and eye health, in which the Foundations have been so heavily engaged over the past 50 years.

The FUND remains a Public Ancillary Fund, the financial management of which will rest with a Governing Committee, comprising all the Governors of the "N" Districts and such other "Responsible Persons" as are appointed from time to time.

The vast majority of Lions are aware to some degree of the contribution by the Save Sight Foundation to the advancement of eye health and research over the past 50 years which includes the Lions NSW Eye Bank and the Lions Save Sight Institute. This has been a source of pride to the Lions Organisation and has been greatly appreciated by those conducting the research and saving the sight of so many within the community. It is intended that this contribution will not only continue but will expand into the future.

2. In partnership with Member Clubs throughout NSW, the ACT & Norfolk Island to promote sight and public health related projects at a community level using grants to Member Clubs from the FOUNDATION.

The FOUNDATION will be a public company limited by guarantee registered as a charity and will be the Trustee of the FUND.

Lions Save-Sight Foundation,

P 08 9381 0767 E lssf@lei.org.au

The Foundation was formed in 1970 & incorporated in January 1971.

It was originally set up to provide a mobile testing system for Glaucoma & Amblyopia throughout the State. By 1974 it had grown considerably & was instrumental in the establishment of the Lions UWA Chair of Ophthalmology at The University of WA, a Chair underwritten by Lions and heavily funded by Lions until 31st December 2018.

In 1984 it was resolved to hive off the more medically based activities & the Lions Eye Institute (LEI) was formed. This body has two major arms being a clinician's division & a research division; jointly they employ some 280 people.

Currently our specialist clinicians see over 75,000 patients a year who have been referred to them. The research arm is undertaking many exciting programmes some of which are being undertaken in collaboration with scientists in Singapore and as far away as Scandinavia. Our Foundation continues to be the link between Lions Clubs & our LEI whilst still funding several ongoing research fellowships directly.

In November 2022, a new Professorial Chair was established at Curtin University to be known as The Lions Curtin Chair of Ophthalmic Big Data and is funded by the Lions Save-Sight Foundation to the amount of \$180,000 p.a. After an international search, Professor Andrew Turpin was appointed as the Inaugural Chair.

In securing the services of Professor Turpin, his partner, Professor Allison McKendrick has also relocated to Perth and taken a senior role in our new School of Optometry at UWA, the first such school to involve Ophthalmologists in the management and training of Optometrists in Australia with LEI very much involved.

SUMMARY OF INSURANCE

All Insurance Enquiries should be directed to the LIONS AUSTRALIA INSURANCE COMMITTEE CHAIRPERSON.

SUMMARY OF INSURANCES FOR LIONS

THE ROLE OF THE MD201 INSURANCE, RISK MANAGEMENT & CHILD SAFE COMMITTEE

Established under the jurisdiction of the MD201 Constitution and By-Laws, this Committee has the responsibility of advising the Council of Governors on a suitable insurance, safety & risk management and child safe programme for the Lions Clubs in Australia and Papua New Guinea. Assisted and advised by the Council-appointed Insurance Brokers, the Committee reports to each council meeting and subsequently carries out its instructions and oversees the control of the various insurance policies.

The Insurance, Risk Management & Child Safe Committee cannot stress too strongly that successful communication is very much a two-way traffic. If a query is not answered as promptly as it should be, or a claim appears to be slow in being settled, it is imperative that you contact a member of this Committee. The contact details are listed in the preceding section of this Directory. *Following the retirement of PDG Bob Korotcoff OAM from the role of Lions Insurance Program Consultant, enquiries should be addressed as shown below, until further notice.*

CONCISE SCHEDULE OF INSURANCES FOR LIONS CLUBS.

Nothing in this summary may be construed to extend, alter, vary or waive any provision of the various policies and, if unusual situations arise which require further explanation, enquiries should be directed to the Lions Insurance, Risk Management & Child Safe Committee Chairperson or in the event of the lack of an early response, to the Broker or any member of the Insurance Committee.

Insurance cover for Lions Clubs in Multiple District 201 is arranged or can be purchased in three different ways. The three ways are as set out below.

PLEASE NOTE THAT ALL PREMIUMS QUOTED INCLUDE THE GST AT THE CURRENT RATE.

1.INSURANCES CHARGED ON THE SEMI-ANNUAL DUES ACCOUNT TO ALL CLUBS.

The premiums for the policies arranged under this section by the MD Council are paid from part of the individual dues which Lions pay to Multiple District through their respective Districts and from premiums shown on the semi-annual dues account. The annual Multiple District Convention determines the maximum insurance premiums which Lions are required to pay, and this amount cannot be exceeded without the approval of Delegates at a Multiple District Convention.

SUMMARY OF POLICY CONDITIONS

1. INSURANCES CHARGED ON SEMI ANNUAL DUES ACCOUNT

1(a) PUBLIC LIABILITY

This policy is arranged on a World-wide basis by The International Association of Lions Clubs and neither the MD 201 Council, the Insurance Committee nor the Brokers have any control or authority over this policy.

Lion & Leo directors, officers, employees and members are included as additional insureds for liability incurred whilst acting in such capacities. Bona Fide Volunteer Workers are included as additional insureds for liability incurred whilst working on Lions' projects and working under the direct control of the Lions Club.

Clubs must make sure that all activities undertaken are approved by the Club Board and recorded in the Minutes.

NOTE: Provided certain proper steps are taken by the sponsoring Lions Club, then Auxiliaries are included as Additional Insureds. Proof must be available that the Lions Club owns and controls the Auxiliary.

If there is any doubt, you should seek detailed advice from Lion Garry Galvin

Persons or organisations, public or private, granting use of premises for Lions activities are included as Additional Insureds for their liability arising out of the use of such premises by Lions, except when liability is due to sole negligence of the person or organisation granting such use. Premises are defined as real property including structures thereon.

SUMMARY OF INSURANCE

Also included as Additional Insureds are States or political subdivisions who issue permits to a named insured for liability arising out of the named insured's activities under such a permit.

Limit of Liability

AU\$ 1,000,000 combined single limit per occurrence, bodily injury, and property damage. Regardless of the number of insureds under the policy, the Company's limit of liability is AU\$1,000,000 for bodily injury to one or more persons in one occurrence; AU\$1,000,000 for damage to property in one occurrence - subject, however, to a combined maximum liability of AU\$1,000,000 per occurrence.

Additional Public Liability Insurance

As the sum insured under the Worldwide Liability policy is only AU\$1,000,000, and in view of the awards frequently handed down by the Courts, and the fact that owners of premises often demand higher coverage, the MD201 Council has arranged an excess layer of AU\$ 19,000,000. This cover follows the worldwide policy completely. The premium is partially paid from the MD201 Insurance Fund and the balance is recovered from Individual Clubs via the semi-annual dues.

Coverage (General Liability)

This Policy covers the insured, including Lions and Leo Clubs, Districts, individual members and volunteer workers, for amounts which they shall become legally obligated to pay as damages to third parties because of bodily injury or property damage caused by an occurrence arising out of, or in the course of, Lions' functions or activities.

Automobile Liability

Liability for the use of automobiles (including buses and trailers) owned by a named insured is not covered. The liability of a Lions organisation (named insured) for the use of rented, hired or non-owned automobiles (including member's automobiles) is covered, **but only as excess over the owner's insurance.**

If a Lions organisation owns an automobile, the vehicle must be separately insured. **Coverage IS NOT provided for the liability of the owner or operator of any automobile or for physical damage to any automobile used in connection with Lions' Activities.**

Products Liability (Goods Sold).

Coverage is automatically included. All Clubs and Districts who engage Caterers for any Lions Club Activity, should always request proof that those Caterers carry current Public and Products Liability Insurance and always request proof of such Protection, in writing and a copy kept in the Activity Records.

Member to Member Liability.

This Coverage is automatically included under this Policy.

Liquor Liability

In any Country or State where there is a Liquor Liability Statute in force, this Policy does not provide any Coverage under the Provisions of that Statute.

Fortunately, in Australia, no such Statute is in place and therefore Coverage is provided for any claims that might arise whilst a Lions Club is operating a Liquor Selling Activity.

However, all Lions Clubs must ensure that all local Laws in relation to the selling or provision of Alcohol are adhered to. They include obtaining any necessary Licences and the Responsible Selling of Alcohol Qualifications.

Exclusions

The policy is a standard Comprehensive General Liability form and contains the exclusions usual to such insurance. Liability arising out of the operation, maintenance or use of automobiles owned by a named insured is not covered. Liability arising out of the operation, use or maintenance of aircraft is not covered. Liability arising out of the operation, maintenance or use of watercraft owned by a named insured is not covered. The policy is excess over any other valid and collectable insurance policy.

Special Activities

In general, the policy applies to most operations and activities of Clubs and Districts with the exception of the operation, use or maintenance of aircraft, automobiles owned by the Club or District and certain watercraft. However, we emphasise that proper certificates of insurance should be obtained from any organisation or person who conducts or participates in any activity sponsored by Lions. Concessionaires or any parties conducting functions for Lions should carry their own liability insurance and their policy should also name the Club, District, and International as additional named insureds in connection with the particular event being sponsored. Make sure that any concessionaires provide you with the following information: **Name of Insurer, Sum Insured, Due Date, and Policy Number.**

Owners of premises used by Lions are included as additional named insureds under our policy in respect of their liability for your use of their premises. Where necessary, certificates of insurance can be issued and **if you are asked for proof of public liability insurance, contact Lion Garry Galvin who will issue the necessary Certificates.**

PLEASE ALLOW AT LEAST TEN (10) DAYS NOTICE FOR PROCESSING.

SUMMARY OF INSURANCE

These Certificates can also be downloaded from the Lions Insurance Web Site.

Log onto www.lionsclubs.org.au/members/resources/insurance_centre and go to Forms/Certificates and then download the Certificates for the Chubb Insurance Company of Australia Limited and Lloyds of London Insurance (both must be downloaded.)

Claims

When a claim arises, **DO NOT admit liability, or suggest that compensation will be offered.** If correspondence or any other communication is received indicating that a third party feels a Lion member, Club, or District is responsible for damage or injury, an immediate report should be made. Notification of any incident which might result in a claim should be given immediately to Lion Garry Galvin, who in these instances would represent the Insurance Committee, and on your behalf, he will report the situation to the Insurers, and will guide you in what actions you are to take. Satisfactory claim settlements can best be made by those properly trained for this function.

No Lion or Lion's Representative should enter into negotiations with a third party unless requested to do so by Chubb Insurance Australia Limited or the LIONS Insurance, Risk Management & Child Safe Committee Chairperson, Lion Garry Galvin.

This policy covers against accident only and there is no cover should an insured person become ill whilst at a function or a project. The insured persons are members of Lions Clubs, Leo Clubs and Accompanying Partners in MD201, as well as voluntary workers, as defined, whilst:

- Actually attending any officially constituted Lions/Leo's function or project anywhere in Australia, Papua New Guinea, Mandated Territories or Norfolk Island.
- Travelling from their residence, place of business or temporary residence to any venue, place of function (including convention venues) until return to their place of residence or business, (excluding voluntary workers.)
- Overseas for the purpose of attending an International Convention as a Delegate. (But only for Direct Travel.) Where other travelling is undertaken, a special Travel Insurance Policy should be arranged.
- The definition of an accompanying partner for the purpose of this cover is the person who normally and regularly accompanies a Lion or Leo to a Lions function. This policy covers an accompanying partner if she/he was injured whilst travelling to or from a Lions club social evening or Convention, even if the Lions Club has not formally adopted an auxiliary as an Official Club Activity.**

SUMMARY OF INSURANCE

The definition of a voluntary worker is the person who offers his/her services in a voluntary capacity to any Lion or Leo club, such services being accepted by an authorised officer of the Club, or a person who is invited by a duly authorised officer or official of the club to perform services in a voluntary capacity for the club. He/she is NOT COVERED whilst travelling to or from the project.

SPECIFIC SECTIONS OF THE POLICY

Sections 1 & 2 of the Personal Accident Policy cover death or permanent disablement as defined as a result of an accident. Limited to \$50,000 (unless Extra Optional Extra Sum Insured has been purchased).

Section 3 of the policy covers temporary disability of 6 or more days up to \$ 500.00 per week (unless Extra Optional Sum Insured has been purchased.) **There is no Partial Disability Benefit payable.**

Section 4 covers non-medical additional expenses, not otherwise recoverable and subject to the Provisions of the Health Act 1953 and subsequent amendments, are claimable up to a limit of \$ 5,000 for any one accident. It must be stressed that recovery must first be made from any health fund, i.e. Medicare or similar fund, before this policy will respond. Funeral benefits up to a limit of \$1,000 after any recovery from any other source are claimable.

Under the Health Act 1953, general insurers are prohibited from reimbursing any medical gap shortfall.

When, as a result of injury and commencing within 30 days of sustaining such injury, the insured person is wholly, necessarily and continuously disabled and is thereby prevented from performing each and every duty pertaining to his/her regular business or occupation and is required to be under regular care and attendance of a legally qualified Medical Practitioner, other than himself/herself, the company will pay the weekly compensation for the period of such disability following the franchise period of five (5) days which shall be payable for the maximum number of weeks as stated in the schedule of compensation. The weekly compensation for temporary total disability is up to \$ 500.00 per week for 104 weeks. A valid Medical Certificate certifying that the claimant is not fit to work must be supplied every four (4) weeks along with a Statement from the claimant's Employers which clearly shows the claimant's 12 months Income.

Exclusions and General Notes

This policy shall not apply to any event, fatal or non-fatal, caused by or resulting from:

1. Any sickness or disease.
2. Directly or indirectly attributed to a person being rendered less capable than usual of taking care of themselves by the taking of alcohol or drugs other than under medical supervision, or intentional self-injury or suicide.
3. War, invasion or civil war.
4. Naval, military or air force service or operation.
5. Childbirth, pregnancy or miscarriage.
6. Racing any motor propelled conveyance, including reliability trials or rallies, hang gliding, rodeos, competitive winter sports, polo, underwater diving and mountaineering, kite or glider flying.
7. Air travel, other than as a passenger in any properly licensed aircraft.
8. Voluntary workers whilst travelling to or from club projects **or attending any Social Activity.**
9. Persons under the age of 15 years and over the age of 89 years, but this Exclusion shall not apply in respect to policy Section (4) Non-Medical Additional Expenses.

This policy has been written with the knowledge of normal Lions club activities and will not cover every hazardous activity. It does cover football, swimming, golf etc. If your club is contemplating any unusual activity, where the risk could be classified as hazardous, then it is in your club's interests to contact Lion Garry Galvin or a member of the Insurance Committee for an interpretation **BEFORE THE EVENT.**

This policy has a franchise period of five (5) days, which means that no compensation will be payable unless the certified period of disability exceeds five (5) days. An accident causing five (5) or less days certified disability will not be claimable, but a period of six (6) days or more is claimable in full.

Weekly Benefits are calculated at \$ 500 or based on the injured person's average weekly earnings for the past twelve months, whichever is the less. A non-wage earner may, however, claim reasonable expenses necessarily incurred, such as a nurse or a housekeeper, up to the additional expense limit of \$ 5,000.

In the event of death, the maximum benefit the Underwriters will pay to any individual injured person is the selected death benefit so that if a capital benefit has already been paid for an injury, and the injured person subsequently dies as a result of the injury, within the time specified in the policy, then the Underwriters will only pay the balance between what has been paid and the selected death benefit.

The attention of Club Secretaries is drawn to the limit of the Underwriters as follows:

- Aggregate any one aircraft other than a single engine aircraft or helicopter: \$3,000,000.
- Single engine aircraft or helicopter: \$150,000.

Based on \$50,000 cover on any one life, this only allows for a limited number of people to be covered. If a large party

SUMMARY OF INSURANCE

from a Club or District travel on the same aircraft, it is important that the LIONS Australia Insurance Programme Consultant be informed with sufficient time for him to arrange excess cover.

Claims Procedure

The club must advise Lion Garry Galvin, who will notify J U A Underwriting Agency Pty Limited, as soon as practicable, (and no later than 30 days) that an accident has occurred and he will send a special claim form to the Club Secretary for completion. If the injury is serious, it is advisable that notification is given by e-mail, telephone or SMS indicating the name of the injured person and the nature of the injuries. A Claim Form can be downloaded from the Lions Website – www.lionsclubs.org.au/members/resources/insurance_centre

Weekly Benefits are not normally paid by the Underwriters until after the period of disability is completed. However, where the disability is longer than a few weeks, and the club so requests, arrangements can be made for the Underwriters to pay every four weeks upon submission of a Medical Certificate.

It is important that the club official who signs the claim form on behalf of the club is satisfied that the injury did in fact occur in circumstances that would be claimable under this policy. In the event of a coronial enquiry, settlement of any loss will be withheld until the findings of the enquiry are handed down. If there is any doubt, please contact Lion Garry Galvin.

1c) GENERAL PROPERTY (REGALIA)

This policy covers all items of regalia and administration equipment (excluding road signs) belonging to Lions Clubs and Districts and which are normally used for their meetings and/or normal administration purposes. It is important to note that the policy contemplates only equipment, regalia and the like usual to club meetings and /or administration purposes which do not involve particular plant, equipment or stock-in-trade used for projects. This policy DOES NOT cover stock of an opportunity shop or any commercial enterprise. It would not insure goods assembled over a period and held in a store for a Trash & Treasure Market. Nor does it cover merry-go-rounds, trains, stalls etc. This property must be insured under a special policy for which the LIONS Australia Insurance Programme Consultant will provide a quote if requested. **Member's Property i.e. Computers, Cameras and the Like, not otherwise insured and whilst being used on the business of the Club, limited to \$ 500.00 any one Loss is insured.**

Other Exclusions are any type of motor vehicle, including member's vehicles, breakage of items of a brittle nature, cash or negotiable securities.

Only property owned by the Club or District is insured. The policy DOES NOT cover property leased, hired or on loan. To insure these items, please contact Lion Garry Galvin.

Sum Insured

The limit under the policy is \$3,500 for any one Club and \$7,500 for any one District, and the policy conditions include a "Co-insurance Clause" which requires that the Sum Insured represents the true total value of regalia, etc, on hand. If, in fact, a club is shown to own regalia in excess of \$3,500, then it would be at a considerable disadvantage in the event of a claim for they would have to carry a portion of the loss themselves. **This Policy is subject to a \$250.00 Excess.**

1(d) FIDELITY GUARANTEE (BONDING)

This policy covers misappropriation of cash, and the theft of goods or equipment, by a club member.

SUM INSURED:	\$150,000 any one Loss.
EXCESS:	\$1,000.00 Each and every claim.
PREMIUM:	Each Club is billed by their District Cabinet Treasurer in July of each year an amount of \$35.00 for this cover.
The Policy covers:	(a) All Lions and Leos in good standing. (b) All District Cabinet Secretaries and Treasurers.

In view of recent experiences, it is strongly recommended that all club boards request that their Treasurers table a copy of the bank statements at each board meeting so as to certify that the funds are in fact, in the bank. If a Club or District suspects that there has been a loss of funds through misappropriation, they should inform Lion Garry Galvin immediately and he will guide the Club or District on what steps should be taken. **It is also necessary to report the matter to the Police and there must be a successful Prosecution for a Claim to proceed.**

1(e) ASSOCIATION LIABILITY INSURANCE (PREVIOUSLY KNOWN AS DIRECTORS & OFFICERS LIABILITY INSURANCE.)

This policy provides cover for office bearers if they have an action taken against them either individually or severally for inappropriate conduct pertaining to such things as discrimination, slander, sexual harassment, termination or rejection of membership.

NOTE: This cover DOES NOT apply to Lions Foundations or commercial ventures of Districts or Clubs, i.e. caravan parks, opportunity shops etc.

Claims Procedure

In the event of a District, Club or any officer of a club becoming aware of any suggestion of an action being brought against any officer, it is important that the matter be reported immediately to the Lions Insurance Risk Management &

SUMMARY OF INSURANCE

Child Safe Committee Chairperson, Lion Garry Galvin.

1(f) WORKERS COMPENSATION

In each State or Territory, where allowed by legislation, the Multiple District Council has arranged for a Workers Compensation policy to cover **CASUAL WORKERS**. Coverage is in accordance with the respective Workers Compensation Act.

These policies ONLY cover casual employees, and should any Club or District employ labour on a permanent basis, it is necessary to arrange your own workers compensation policy. If any assistance or advice is required, contact Lion Garry Galvin. Clubs in Victoria, New South Wales, South Australia or Northern Territory, who employ Staff must make their own arrangements for this Cover.

1 (g) LOSS OF CASH

This Policy provides cover for all Lions & Leo Clubs for Loss of Cash.

Sum Insured: (a) \$10,000 any one claim for loss of cash in transit.
(b) \$10,000 for loss of cash through hold up or theft from any meeting or project site.
(c) \$10,000 whilst cash is at a private residence of any member for 48 hours, plus any intervening non-banking period.

Premium: \$ 15.00 per club.

Excess: \$ 250.00 each and every Claim.

The sum insured can be increased to \$20,000 upon payment of an **extra \$25.00** per club. Should a loss occur, contact Lion Garry Galvin, as soon as possible. He will supply a claim form, or it can be downloaded from www.lionsclubs.org.au/members/resources/insurance_centre

Cash relating to on-going projects such as bingo or cash-a-can is covered, provided the cash is specifically drawn from the bank immediately prior to the project and re-banked no later than 48 hours plus any intervening period. However, note that the policy would not operate if the money is kept on a week-to-week basis without being subject to specific banking withdrawals and deposits. The Insurance Committee strongly recommends that Clubs arrange bank night safe facilities if collections from a project are high.

Cash at members' homes is covered but only up to **48 hours** plus any intervening non-banking period.

IT MUST BE BANKED PROMPTLY.

Lion Mint money is also covered, but not whilst in the dispensers at sales outlets.

Clubs are requested to ensure that cash is not left in unattended vehicles and /or stalls. By leaving your Vehicle unlocked, you could jeopardize any claim.

NOTE: Unexplained loss, shortage or disappearance is not covered.

2. INSURANCES ON MD PROJECTS AND PAID BY MD COUNCIL OR FROM SPECIFIC PROJECT FUNDS.

2(a) CHRISTMAS CAKES, PUDDINGS, AND LION MINTS STOCKS.

The MD Council has arranged a policy to cover stocks of the above merchandise for any Club or District in Australia, Papua New Guinea and Norfolk Island.

Sum Insured: \$ 50,000 any one loss or location. **EXCESS is \$ 250.00 any one loss.**

Events Covered: Fire, lightning, storm and tempest, rainwater, water damage, impact damage, explosion, aircraft, riots, strikes, civil commotion, malicious damage, earthquake, sprinkler leakage and burglary. **Vermin damage or infestation is not covered.**

The premium is paid from the Council's Project Fund. Should a loss occur, notify the LIONS Insurance, Risk Management & Child Safe Committee Chairperson, Lion Garry Galvin as soon as possible.

Stock of prizes for Lucky Number activities is not covered under this policy. If your club operates this style of fundraiser, you must arrange your own insurance. This can be arranged by contacting Lion Garry Galvin.

2 (b) TRAVEL INSURANCE FOR OUTGOING YOUTH EXCHANGE PROGRAMME

For participants in this programme going overseas travel insurance is automatically arranged by the MD201 Youth Exchange Committee through the LIONS Insurance, Risk Management & Child Safe Committee Chairperson, Lion Garry Galvin, and the premium is included in the cost of the programme. Before departure, each youth and chaperon are supplied with a copy of the policy wording and instructions on what to do in the event of an incident that would give cause for a claim to be made. Facilities are available to increase the cover upon contact with Lion Garry Galvin.

No travel insurance is arranged for Youth Exchange Programmes within Australia on a District/Club to District/Club basis. **With regards to any incoming Youth Exchange Hosting Programme, no insurance cover has been arranged by the MD201 Council as this is the responsibility of the overseas Sponsoring Club or District.**

For further advice on this programme, contact should be made with Lion Garry Galvin or the Chairman of the MD 201 Youth Exchange Committee.

SUMMARY OF INSURANCE

2 (c) YOUTH OF THE YEAR PROGRAMME

A special Personal Accident policy has been arranged by the MD Council to cover contestants, at all levels of the Programme as they travel within Australia. This policy carries a Capital Benefit of up to \$30,000 and Weekly Benefits of up to \$150.00 (subject to proof of loss of income.) There is no coverage on personal belongings. The premium is paid from the Programme project funds at MD level.

3. OPTIONAL EXTRA INSURANCES AS NEEDED AND PAID BY INDIVIDUAL CLUBS

Applications for cover under this method must be made on the optional application form which will be sent to every Club each July/August and which must be completed and returned with your cheque to Lion Garry Galvin. A copy of the application form is printed at the end of this summary. **Please ensure that your club considers these insurance covers.**

3 (a) PERSONAL ACCIDENT - INCREASED BENEFITS

Realising that some clubs may require higher sums insured, the following covers are available upon application to the Broker. It must be stressed that increased benefits are only available on a **TOTAL MEMBERSHIP** basis and not to Individual Lions or Leos.

EVENT "A" - To increase capital benefits from \$50,000 to:

\$60,000	an extra \$ 2.50	per Member.
\$70,000	an extra \$ 5.00	per Member.
\$80,000	an extra \$ 7.50	per Member.
\$90,000	an extra \$10.00	per Member.
\$100,000	an extra \$12.50	per Member.

EVENT "B" - To increase weekly benefits from \$ 500 per week to \$ 750 per week an extra \$2.50 per member is payable.

As an example, if a Club has 25 members, and wants to increase the Capital Benefits to \$70,000 and the Weekly Benefits to \$ 750, the additional premium payable would be \$187.50. **The MD Insurance Committee strongly recommends that clubs discuss this situation at a business meeting and records the Club's decision in the Club's Minutes.**

3 (b) LOSS OF CASH

The standard sum insured of \$ 10,000 can be increased to \$20,000 and the premium for this extra sum insured is \$15.00 per club. For an extra \$ 20,000 the extra premium is \$ 30.00. For higher Sums Insured, please contact Lion Garry Galvin.

3 (c) TRAVEL INSURANCE.

At the present time, the MD Insurance Committee **does not** hold any facilities for Members to purchase Travel Insurance. It is recommended that you ask your Travel Agent for this advice.

3 (d) REIMBURSEMENT OF EXCESS AND LOSS OF NO CLAIM BONUS INSURANCE

A special policy has been arranged to cover any excess a member has to pay under their Private Motor Vehicle Comprehensive policy when his/her private vehicle is damaged whilst using that vehicle on **Lions Clubs Projects**. The definition of Lions Club Projects includes Club meetings held to organise or manage Projects, Zone & District meetings including those set down for training purposes and travel to and from District & Multiple District Conventions. Travel to Conventions can only be claimed for the most direct route from a member's home to the Convention venue City (including whilst in the venue City) and return home by the most direct route. The cover will not apply if the trip deviates from the direct route to also include tourism on the way.

This cover is now available on an Optional basis and the premium is detailed elsewhere in this summary. Cover is **NOT** available if a vehicle is damaged whilst such vehicle is being driven to or from or whilst parked when the member is attending a dinner meeting. The Sum Insured is \$ 2,000 Any one Claim.

The Member's Motor Vehicle MUST BE fully insured under a Motor Vehicle Comprehensive Policy. Premiums are provided elsewhere and on the Application Form.

3 (e) GENERAL PROPERTY INSURANCE ON PROJECT EQUIPMENT

As detailed earlier, there is no automatic insurance coverage on project equipment. Therefore, any Club that owns project equipment and stock for use on fund raising projects should arrange their own insurance policy. This cover can be organised by sending full details and values to Lion Garry Galvin, who will forward a quotation. Application for this cover will be found on the reverse side of the optional additional insurance form. This cover can also be arranged for items on hire or loan to the Club or District.

3 (f) REGALIA FOR LEO CLUBS.

General Property insurance on Leo Clubs' Regalia and Club administration equipment is on the same basis as for Lions Clubs is now included in the Lions Club's Policy.

All Contact Addresses for the Members of the MD201 Insurance, Risk Management & Child Safe Committee are listed in another Section of this Directory.

SUMMARY OF INSURANCE

LIONS RISK MANAGEMENT STATEMENTS

Safety

The Multiple District 201 Council of Governors believes that it is possible to eliminate the great majority of accidents and injuries that occur to Lions and their voluntary helpers. Indeed, **accident-free** projects should be the constant aim of all Clubs.

It is clearly recognised that the safety of all Lions and Volunteers is of prime importance. Clubs, therefore, should make every attempt to reduce the possibility of accidents on all projects and at meetings, including whilst travelling to and from activities and meetings.

Each Club should plan projects with safety in mind. Members should not attempt physical activities for which they are not capable, or for which make them or their fellow Lions or volunteers susceptible to injury. Every Club should appoint a projects safety/security officer whose function shall be to advise the board in relation to safety and security aspects of a project. Total accident prevention is not possible until every Lion understands that he or she has a vital role to play in the prevention of accidents and has an obligation to act and work safely at all times, not only for his or her safety, but for the general safety of others. Please recognise your responsibility to yourself, your families, your fellow Lions and to others.

The Club Safety/Security Officer should complete the Safety Check List which can be downloaded from the Lions Insurance Website – www.lionsclubs.org.au/members/resources/insurance_centre

Security

Clubs and members should be security conscious and have appropriate security arrangements in place and take adequate precautions when handling and storing cash. Remember that cash should be banked as soon as possible after a function or project, but in any case, within 48 hours or on the next banking day. **Money or other valuables should not be left in unattended motor vehicles, tents, halls or in stalls.** It is also strongly recommended that the Board of each Club requires that their Treasurer tables a copy of the bank statements at each Board meeting so as to certify the bank balances. Every Board has a responsibility in this regard.

Liabilities

We are living in a Society where an injured or offended party is looking to take action against somebody. Clubs and members must take care that they do not do, or fail to do, something which could render them liable for an action against them.

Particular care should be taken by clubs when terminating or refusing membership or refusing transfers from other Clubs. If in doubt, it is strongly recommended that contact be made with the LIONS Safety & Risk Management Consultant, PDG Paul Cairnduff for assistance & advice.

CHILD SAFETY STATEMENTS

Child Safety

The issue of Child Safety is of paramount importance to all Lions Clubs and Members, and every step should be taken to prevent and eliminate any risks related to Child Safety in our Organisation. If you have any questions or concerns at any time, please refer your enquiry to:

30x30

**30K members
by 2030**

Our Lions in Australia have a **Big Audacious Mission** to grow to 30,000 members by the year 2030.

This will give us more **capacity** to help our communities, **respond** to disasters and emergencies, **support** those in need and spread kindness where it is needed the most.

Our members are committed to **growing** our organisation by **nurturing** existing Lions, **creating** brand new clubs and finding new members.

We can **achieve** anything we put our minds to and together on our mission, we will continue the **legacy** of Lions Clubs in Australia!

Always.
